A biannual newsletter of the Ramakrishna Mission Vidyalaya Institutions, Coimbatore

From the Editor's desk...

Dear friends, members of Vidyalaya and students,

We convey to you our hearty greetings for the New Year. Further, our best wishes to you for a joyous Pongal. This *News* is most likely to be released on the first of January 2009, which for those associated with the Ramakrishna Mission is also the sacred Kalpataru Day. As many know, it was on the first of January 1886 that Sri Ramakrishna bestowed his grace on several of his devotees for their spiritual fulfilment.

And spiritual development alone is day by day becoming more relevant and fundamentally necessary for human welfare. As the times are showing, all secular or material development needs to be based on human spiritual development. Otherwise, human beings are likely to become mutually or self-destructive, and also a threat to all other forms of life and even to the environment.

Spiritual development implies and involves self-restraint, harmony in the midst of diversity, harmony with the environment, psycho-physical harmony, concern for others, sharing, non-violence, uprightness, elimination of caste or racial prejudices, and so on.

According to the philosophy of life and philosophy of work of the Ramakrishna Mission/Movement, this spiritual development must become the defining and guiding principle woven into all human material or secular development. That is why the Vidyalaya assigns such an important place for its religious/spiritual programmes, along with its continuous efforts at 'raising the bar' in academic and vocational training programmes. The following *News* bears witness to this combination.

The unostentatious and minimally publicized growing achievements of the Vidyalaya have been possible because of the support of the long-serving staff and students in putting into practice the traditional ideals of Vidyalaya. Our welcome to the several staff who have recently joined the Vidyalaya. We call upon them to imbibe the spirit of the Vidyalaya and work with us in shaping up the students here to become outstanding citizens of our country who will contribute to the welfare of humanity as it passes through a series of political, economic, and spiritual crises.

Yours in the service of the Lord,
Swami Atmaramananda
(Swami Atmaramananda)
Secretary
